### 3. Learning and development

In partnership with parents, the school will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start school.

#### Curriculum planning

Provision and practice within the early years will be centred around the requirements of the DfE's 'Statutory framework for the early years foundation stage'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

**Prime areas** – defined as the areas that are particularly important for building a curiosity and enthusiasm for learning, forming relationships, and thriving:

- Communication and language
- Physical development
- Personal, social, and emotional development

**Specific areas** – defined as the areas through which the prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the world
- Expressive art and design

The school will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.
- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents and agree how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring children are ready to benefit from the opportunities available to them when they begin Year 1.

When organising and implementing educational programmes, the school will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring
- Active learning
- Creating and thinking critically

#### **4. Assessment**

Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

In line with statutory requirements, the school will undertake a summative assessment of each child's development at certain stages. These are:

- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting Reception.
- The EYFS Profile – a comprehensive assessment completed in the final academic year in which the child reaches age five, and no later than the 30 June, to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1. The EYFS profile will be shared with the child's year 1 teacher, to help inform a discussion between the reception and year 1 teachers about each child's stage of development and learning needs. It will also assist with the planning of activities in year 1.

Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents.

The school will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

When undertaking assessment activities, all staff members will have due regard to the school's Early Years Assessment Policy, any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

## **5. Inclusion**

All children are valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Equal Opportunities Policy: Pupils ensures that the needs of all children are met, regardless of any protected characteristics they have.

The Special Educational Needs and Disabilities (SEND) Policy ensures all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school's SENCO.

The EYFS curriculum is planned in order to meet the needs of the individual child and support them at their own pace.

## **6. The learning environment**

The school recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The school will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

Children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas.

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

## **7. Safeguarding and welfare**

The school will take all necessary steps to keep children safe and well and comply with the requirements of the 'Statutory framework for the early years foundation stage' to:

- Safeguard children.
- Ensure the suitability of adults who have contact with children.
- Promote good health.
- Manage behaviour.
- Maintain records, policies, and procedures.

### **Child protection**

Staff will be alert to any issues of concern in the child's life at home or elsewhere. Any safeguarding or welfare issues will be dealt with in line with the Child Protection and Safeguarding Policy, and all members of staff in the EYFS will be required to read this policy as part of their induction training.

The DSL is Lorraine Hadley. The EYFS DSL is Suzanne Williams.

The DSL will be responsible for safeguarding children and liaising with local children's services as appropriate. The deputy DSL will undertake the duties of the DSL in their absence, but overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSL will undertake child protection training as required.

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect as set out in Annex C of the EYFS statutory framework for group and school based providers.

Where there are concerns about a child's safety or welfare the school will:

- Immediately notify the LA's children's social care team and, in emergencies, the police.
- Have regard to the DfE's statutory guidance 'Working Together to Safeguard Children', the 'Prevent duty for England and Wales' and 'KCSIE'.
- Inform Ofsted of any allegations of serious harm or abuse of children by any person living, working, or looking after children at the premises and the action they have taken in response to the allegations. Notification will be made as soon as is reasonably practicable, but in any event within 14 days of the allegations being made.

## **Child absences**

The school is required to follow up any absences in a timely manner.

If a child is absent for a prolonged period of time or if their parents and/or carers haven't informed the school of the absence, then the school will attempt to contact the parent and/or carers and alternative emergency contacts. The school will give consideration to the child's vulnerability, parent's and /or carer's vulnerability and their home life. Any concerns will be referred to local children's social care services and/or police welfare check requested.

Further information on child absences can be found in our Attendance Policy

## **8. Staffing**

### **Suitable people**

The school will:

- Ensure that people looking after children are suitable, have the relevant qualifications, training and have passed any required checks to fulfil their roles. This also applies to any person who may have regular contact with children.
- Take appropriate steps to verify qualifications, including in cases where physical evidence cannot be produced.
- Obtain an enhanced criminal records check in respect of every person aged 16 and over who works directly with children or works on the premises – additional criminal records checks will also be made for anyone who has lived or worked abroad.

- Ensure electronic references originate from a legitimate source.
- Contact referees to clarify content where information is vague or insufficient information is provided.
- Compare the information on the application form with that in the reference and take up any discrepancies with the applicant.

The school will provide references for previous employees in a timely manner, upon request.

## **Staff taking medication or other substances**

The school will:

- Ensure that staff members are not under the influence of alcohol or any other substance which may affect their ability to care for children.
- Ensure that staff taking medication that may affect their ability to care for children seek medical advice.

- Ensure that staff members only work directly with children if medical advice confirms that the medication is unlikely to impair that staff member's ability to look after children properly.
- Always keep medication on the premises securely stored, and out of reach of children.
- Implement a zero-tolerance approach to drugs and alcohol misuse, as outlined in the Staff Drug and Alcohol Policy.

For the purposes of this policy, the term 'mobile phone' refers to any electronic device that can be used to take images or record videos, including tablets.

Photography policies and procedures are addressed in full in our Use of Images Policy.

Parents, visitors and contractors are not permitted to take photographs or record videos without prior permission. Parents may take photographs and videos only containing their own child during school events. Parents may take group photographs/videos at school events but only with the informed consent of the parents of the children involved.

The school strongly advises against the publication of any photographs or videos taken at the school or school events on social media. Staff must report all concerns about parents, visitors and contractors to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.

The Reception teacher will meet with the Nursery teacher to discuss attainment, needs and any other relevant information.

During the year, Nursery and Reception will collaborate with events such as the Christmas Nativity performance and the Easter bonnet parade.

Practitioners will support both parents and children where possible to help ease the separation anxiety that can often occur.

### **Transition into KS1**

In the final term of the academic year in which the child reaches age five, and no later than 30 June in that term, the EYFS profile will be completed for each child and submitted to the LA upon request.

The EYFS profile will provide an outline of each child's progress, assessed against the ELGs and their readiness for Year 1.

For each ELG, teachers will judge whether a child is:

- Meeting the level of development expected at the end of the EYFS – expected.
- Not yet reaching this level – emerging.

Prior to the children entering Year 1:

- Reception teachers will complete assessments on each child and provide the reports to the Year 1 teacher.
- Reception teachers will pass on the EYFS profile for each child, including additional information for children who have had an outcome of 'emerging' for one or more ELGs.
- In the Summer term, Reception and Year 1 staff will meet to discuss each child's development in order to support a smooth transition to Year 1.

Parents are provided with a 'Meet the Teacher' presentation to ensure they know about the year group expectations and procedures, and to seek clarification on any areas.

Children are invited to a series of visits to their Year 1 class and to meet/engage with their new teacher.
